General Directorate of Captaincies and Coastguards

Maritime Authority of Peru

Captain
Jesús A. MENACHO Piérola
Chief of Staff at Coastguards Operations Command

42ND SHARED AWARENESS MEETING

Maritime Information Fusion Centre – Peru for Latin America (IFC Peru)

Maritime Authority of Peru

Mission:

Exercise the Maritime Authority and Administration, regulating and ensuring the **safety of human life at sea**, the **protection of marine environment** and its natural resources, as well as **repressing all illegal activities** within the scope of its jurisdiction; carrying out the control and surveillance of all activities in the aquatic environment, in compliance with the law and international conventions, contributing to national development.

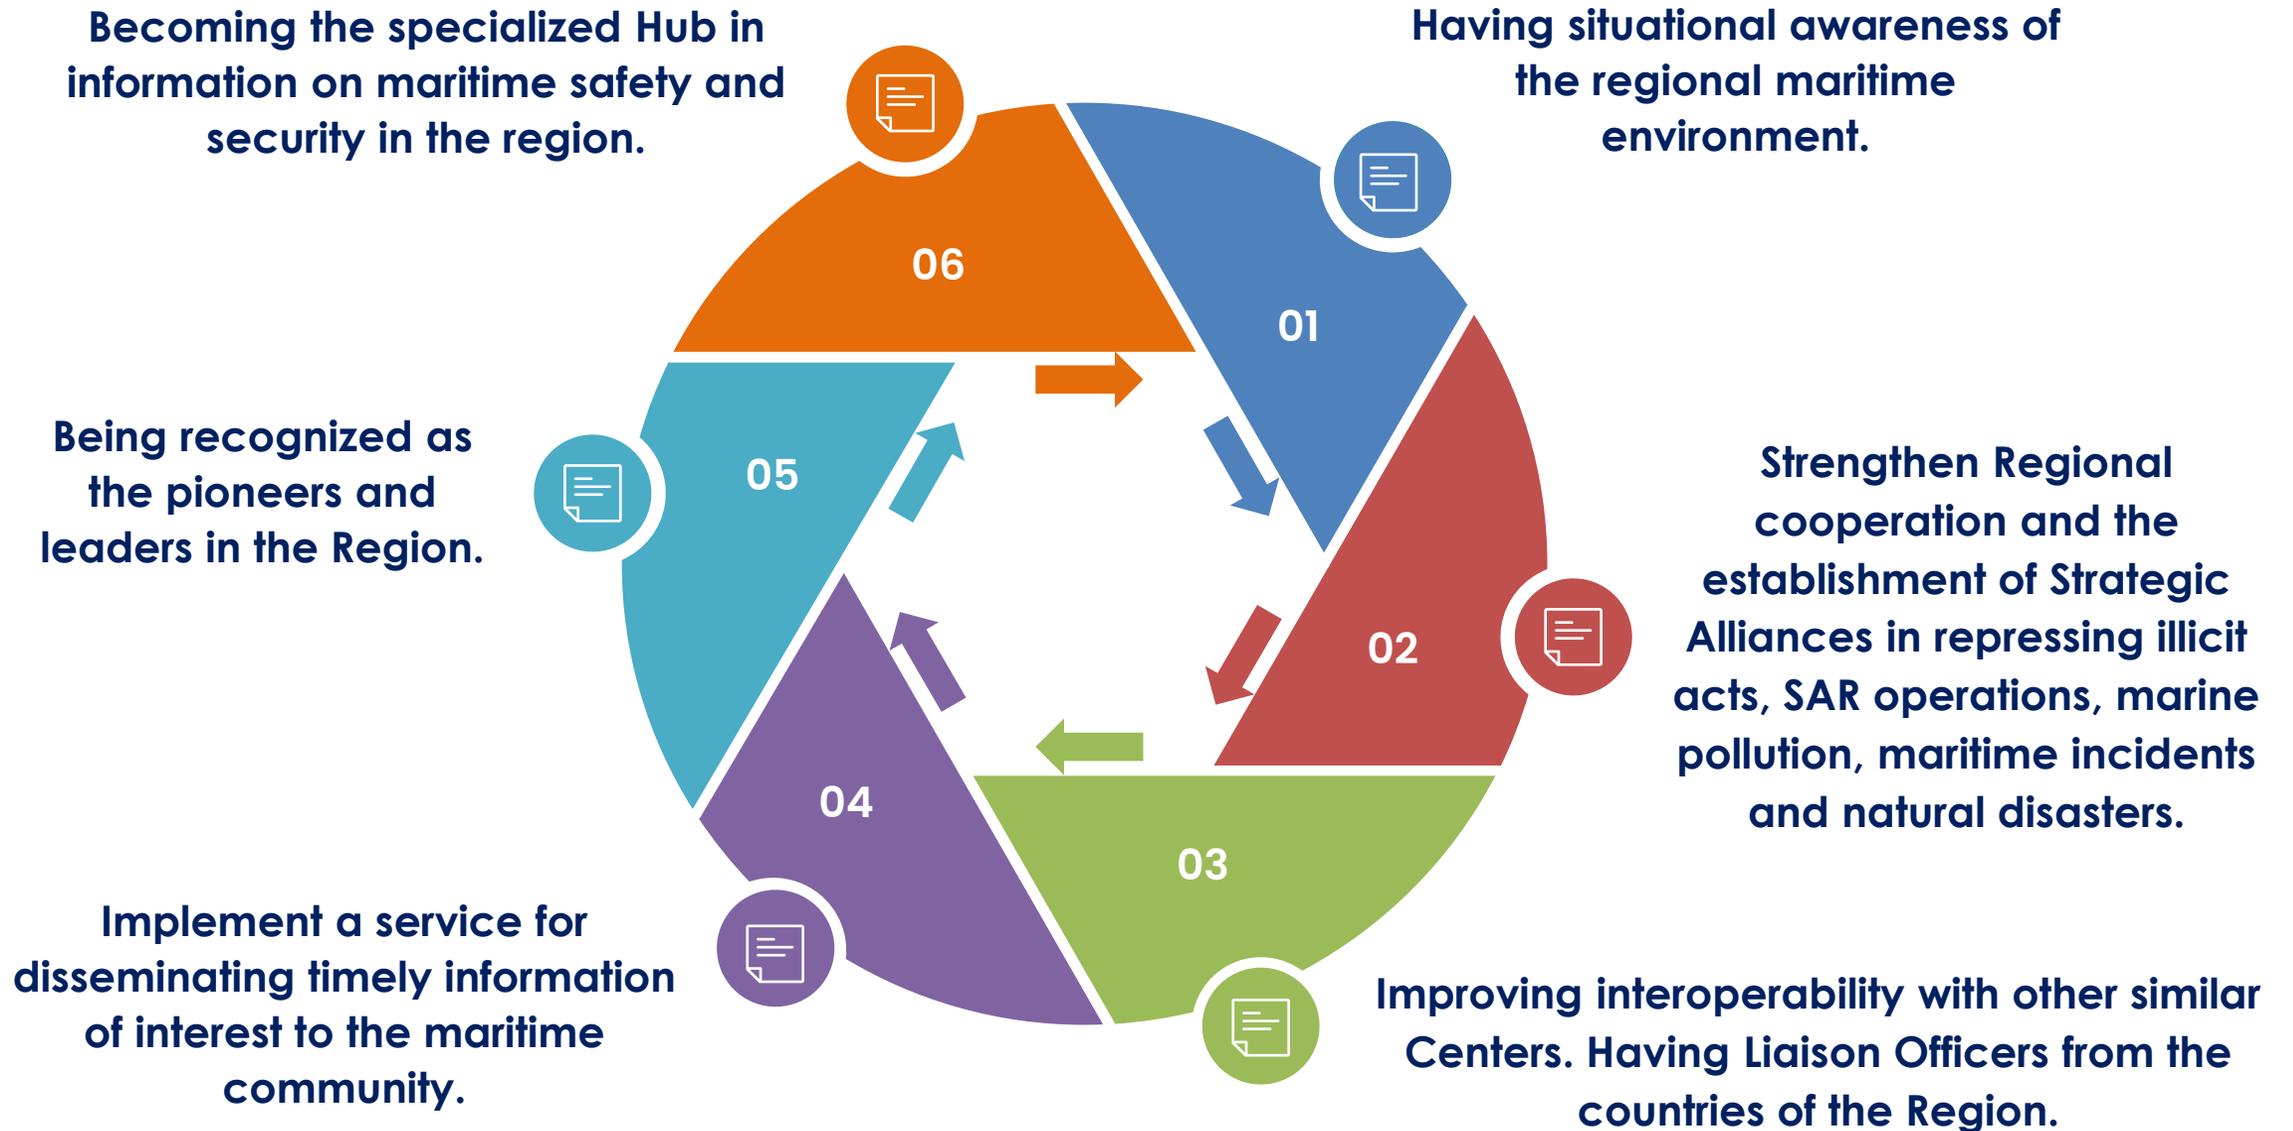

Creation of IFC Peru

RD N°504-2019 (1st of August, 2019)

The IFC-Peru was created in the facilities of the Coast Guard Operations Command. For the collection of open source data, in the **Area of Interest**, in order to provide **timely and accurate information** for the national and international maritime community.

Vision of IFC Peru

Duties of IFC Peru

Informing the current trends on **illegal acts and relevant maritime incidents in the region**, with the fundamental aim of providing greater safety and security to the maritime community.

Theft, Armed Robbery & Piracy at Sea (TRAPS)

Drugs Trafficking (DT)

Maritime Terrorism (MT)

Maritime Incidents (MI)

Illegal, Unregulated & Unreported Fishing (IUUF)

Contraband & Illegal Trafficking (CIT)

Irregular Migration and Human Trafficking (IMHT)

Environmental Security (ENVSEC)

Cyber Security (CYBSEC)

Other Unlawful Acts (OUA)

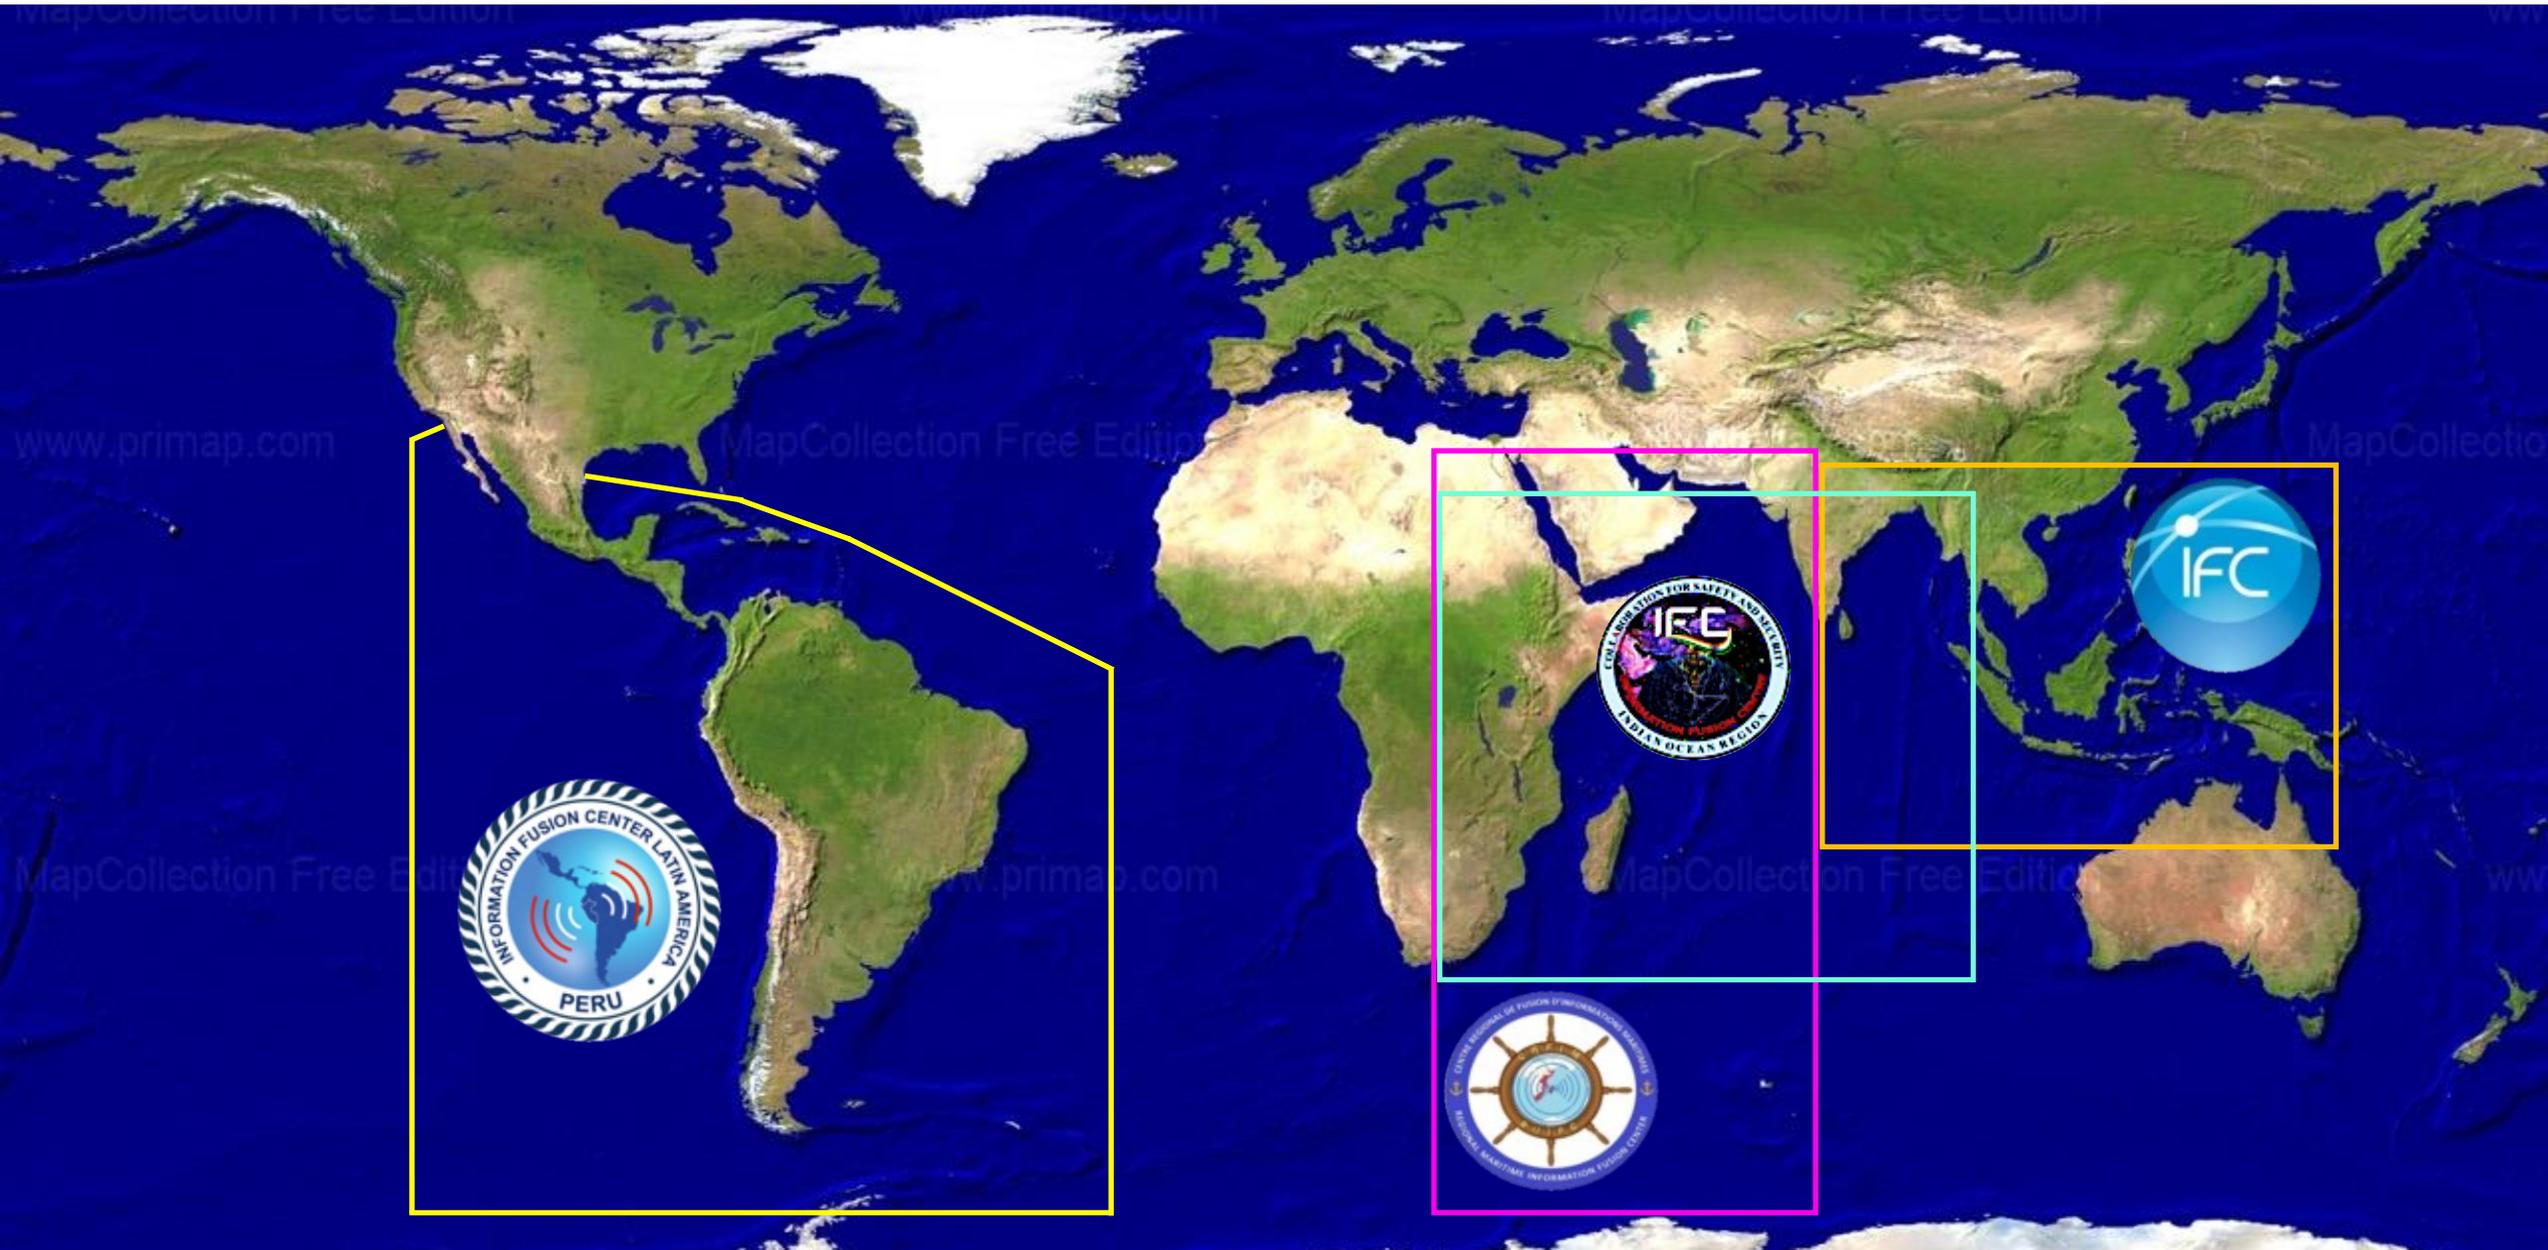

Duties of IFC Peru

IFC Peru collects and analyses timely, precise and valuable maritime information for the countries within the scope of its area of interest and the international maritime community to increase the safety and security of navigation, integrating capabilities for adequate control of the sea and interoperability with similar national and regional centres.

Incidents in the area of interest of the IFC Peru

Category "Maritime Incidents" records a total of 829 cases, being the category with the highest number of cases during this year, having an average of 83 incidents per month, with January being the period with the highest record, counting a total of 125 cases.

Category "Contraband and Illicit Trafficking" registers a total of 520 cases, being second category in number of cases, its highest record was detected in the month of March with 65 cases.

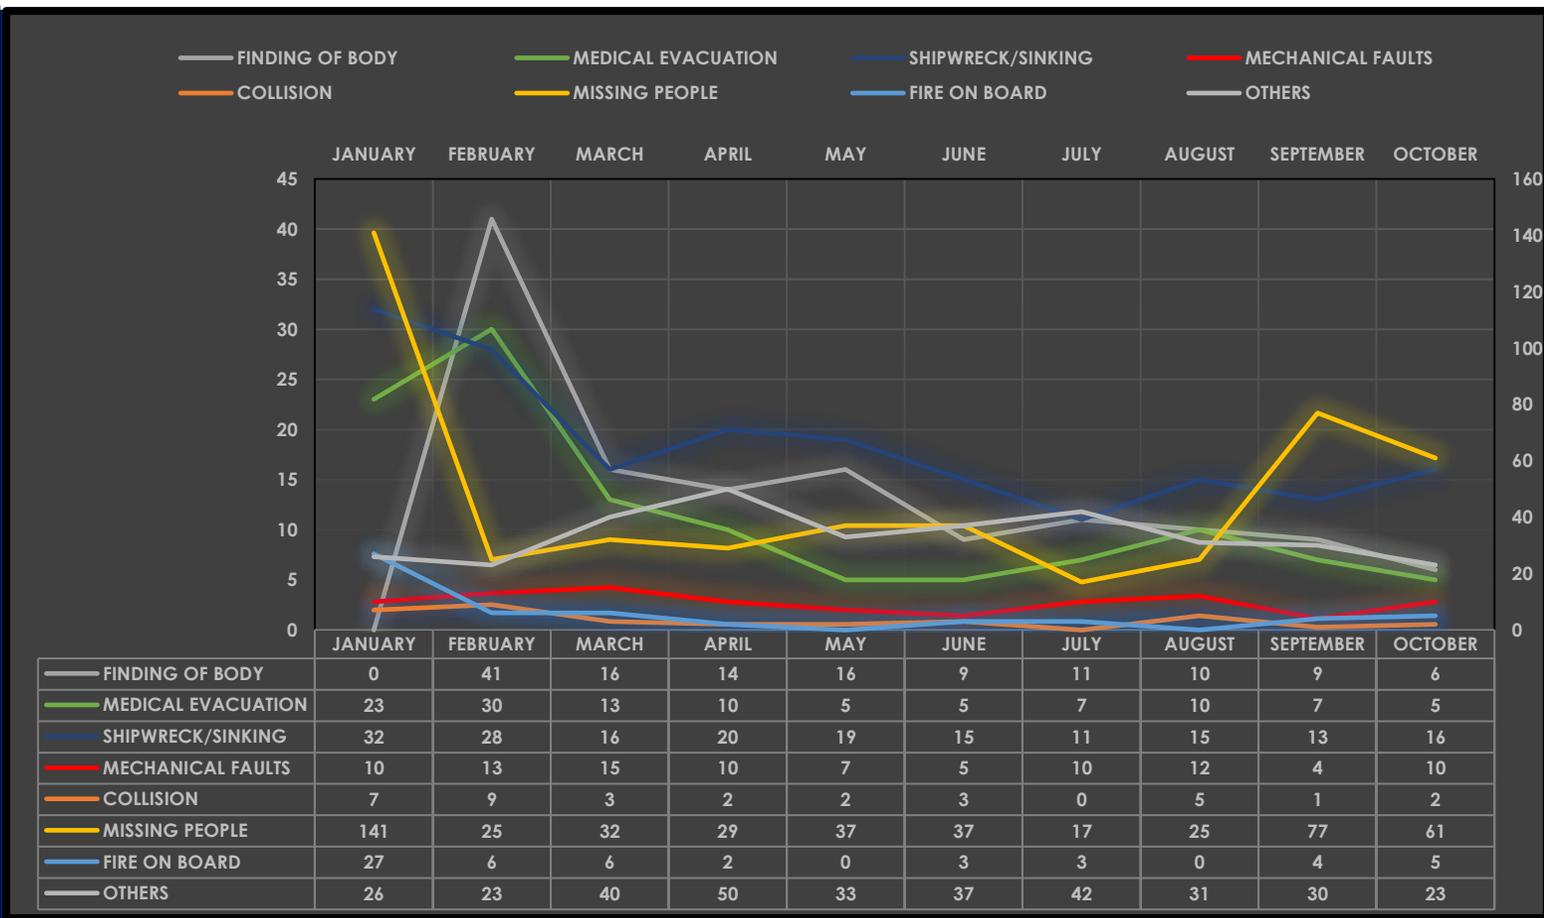

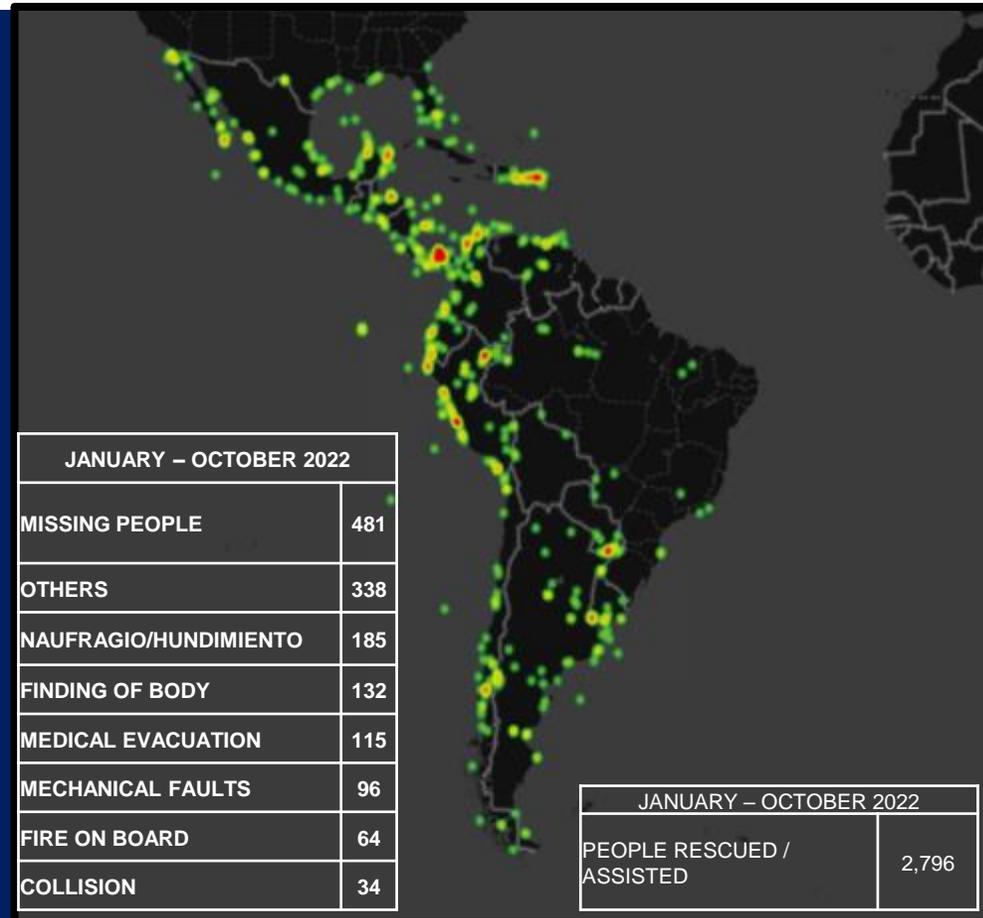

Theft, Armed Robbery & Piracy at Sea (TRAPS)

Central America: Mexico, Puerto Rico, and Haiti had the highest concentration of violent robbery cases.

South America: Ecuador, Peru, Colombia and Venezuela are the countries that presented cases of violent and non-violent robbery, with one kidnapping occurring in the town of Chocó-Colombia.

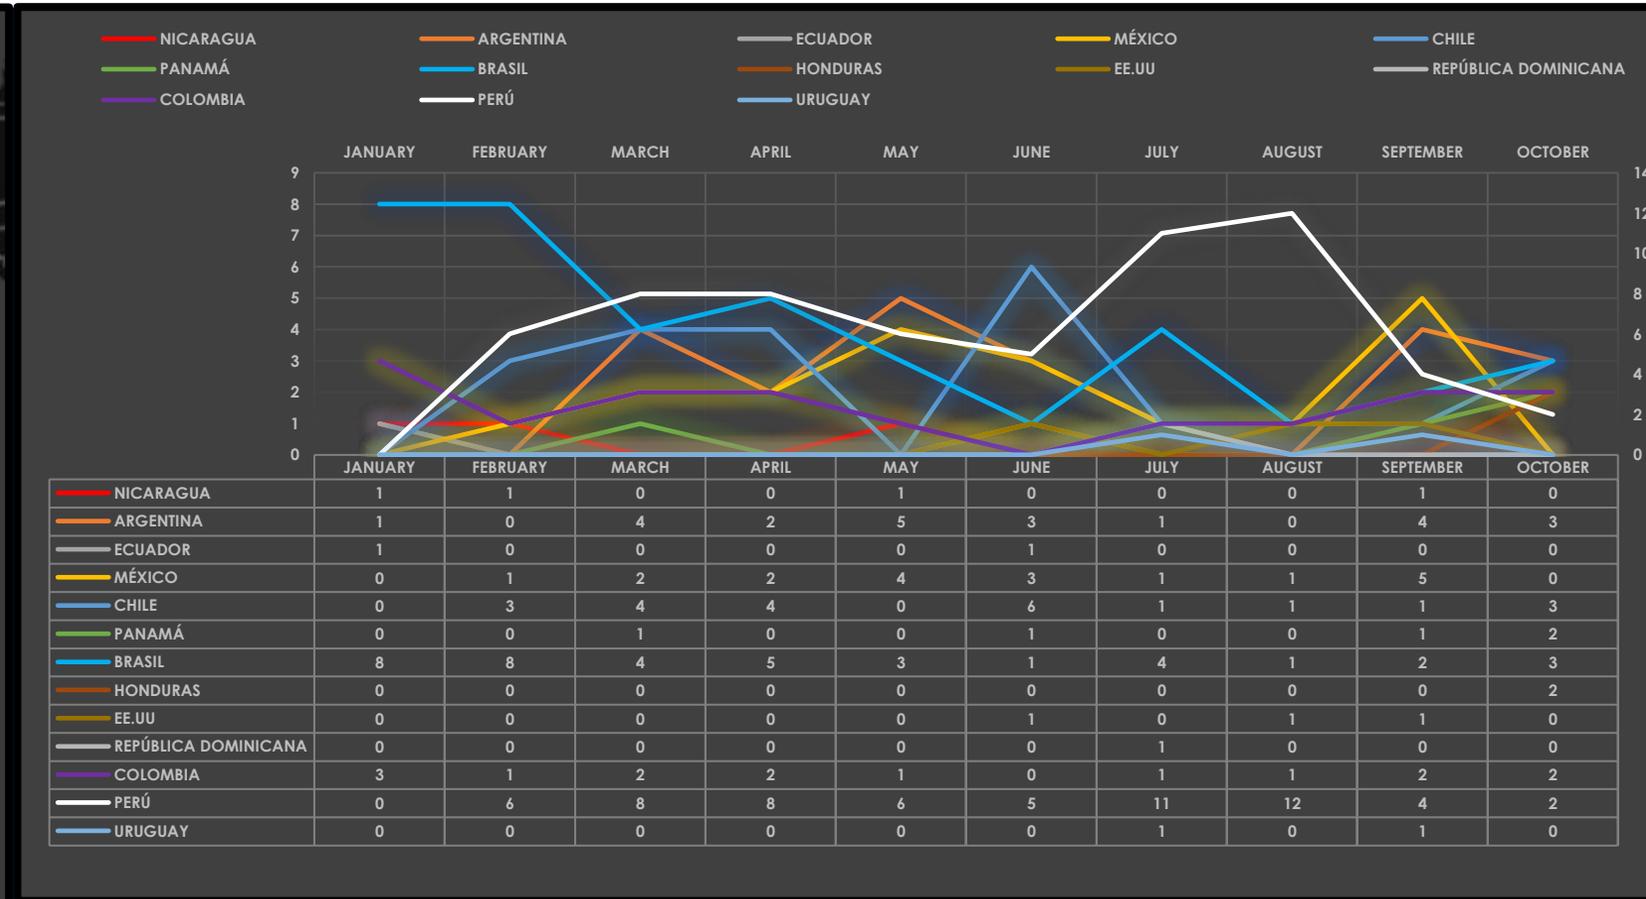

Maritime Incidents (MI)

In the category of Maritime Incidents, the shipwreck and sinking of vessels represents the incidence with the most constant frequency.

Regarding the number of missing persons, this report would be having an increase of 40% compared to the year 2021.

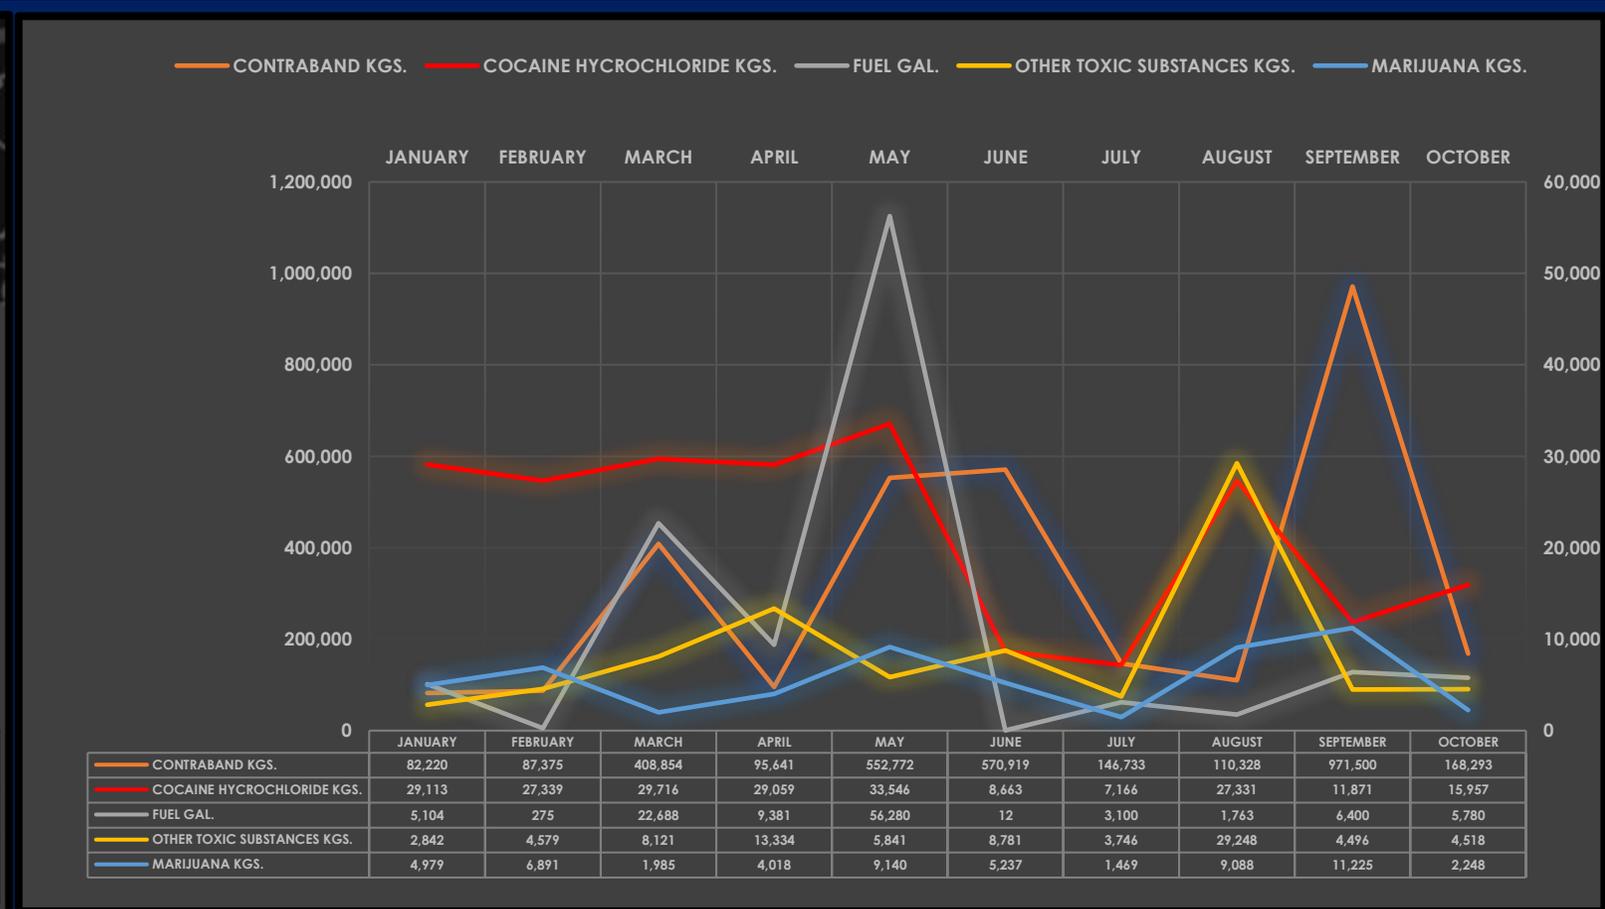

Illegal, Unreported and Unregulated Fishing (IUUF)

According to what is observed in the heat maps, the borders of Peru with Ecuador, and Argentina, Uruguay and Brazil concentrate the largest number of reports referring to this Incident.

Likewise, regarding the amount of seized fishing, this number would have suffered an increase of 10% in relation to the year 2021.

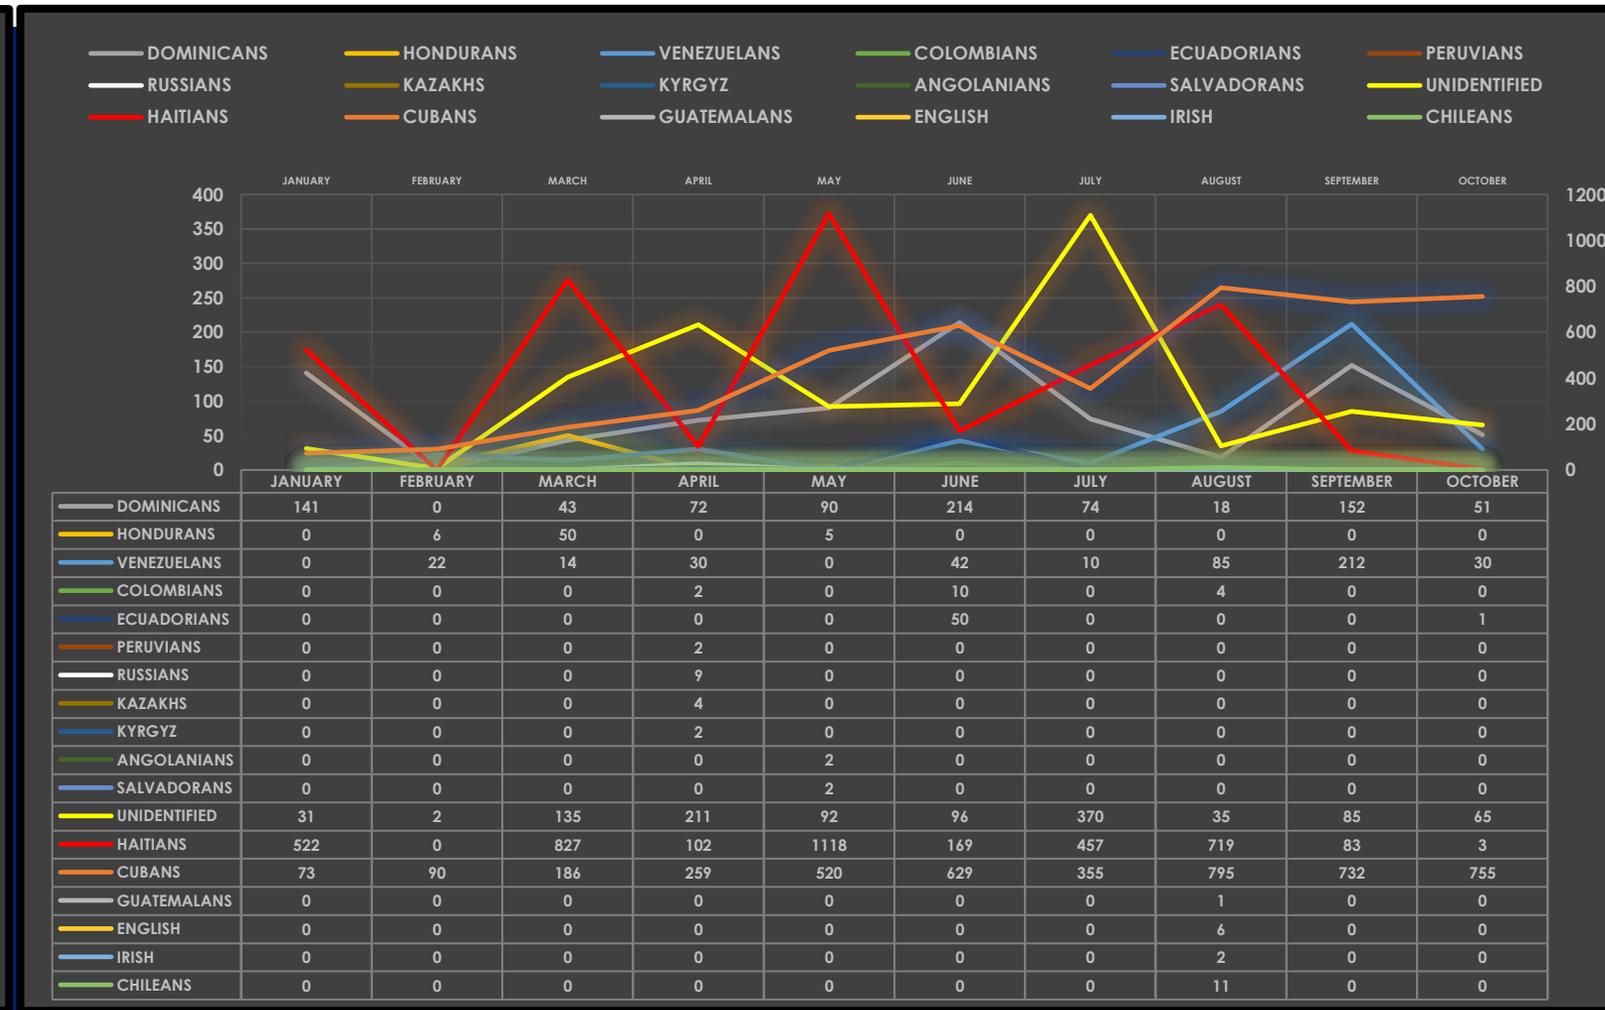

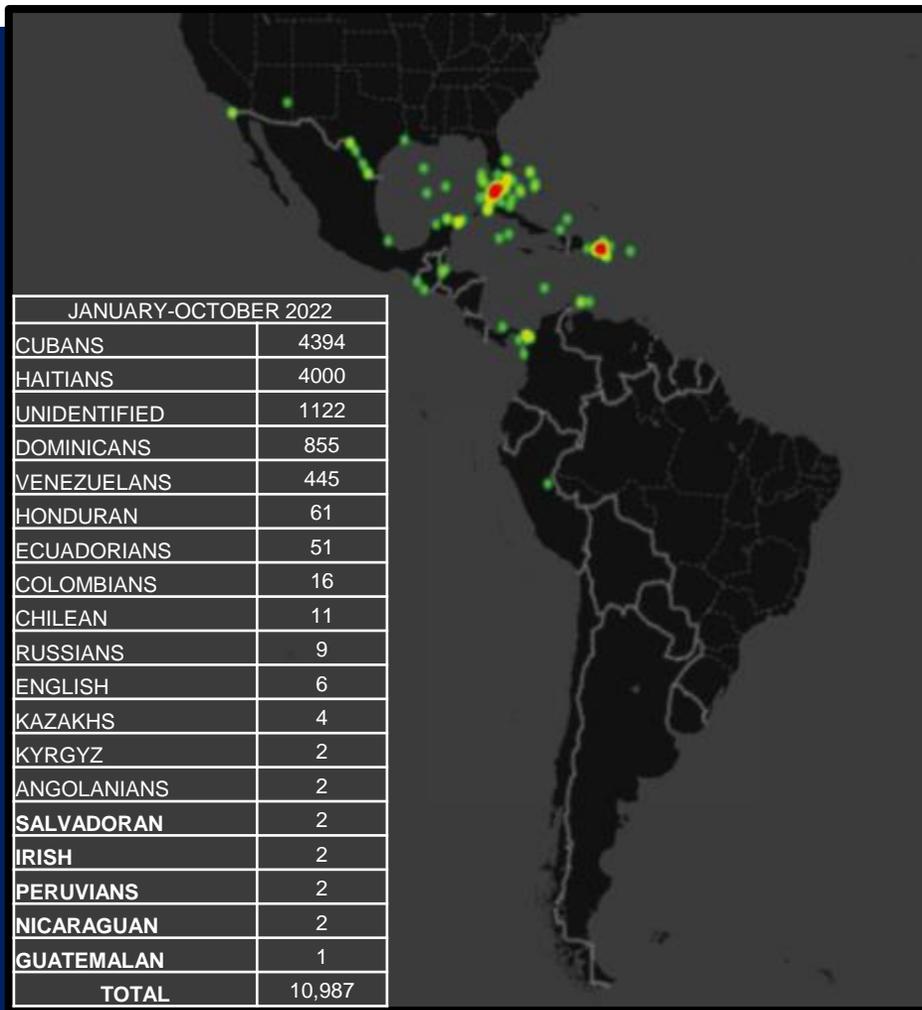

Contraband & Illegal Trafficking (CIT)

In the area of Central America, the largest number of incidents in this report is concentrated in the Caribbean, followed by the border area of Brazil with Argentina and Uruguay.

In relation to the number of annual seizures, referring to each type of substance, the average amounts are maintained, only in the case of fuel trafficking this amount would have decreased by 50%.

Irregular Migration and Human Trafficking (IMHT)

Central America: In the first semester, the largest mobilization of migrants occurred from Cuba and Haiti to the US, followed by the mobilization of Dominican migrants to Puerto Rico.
