

MARISX 2023

# UK MTO SHARING LESSONS

---

Lieutenant Commander Nelson McMillan Royal Navy  
UK International Liaison Officer

# Scope

---

## **UK MTO Sharing**

MT Assessment

Case Study

Timeline

Lessons Summary

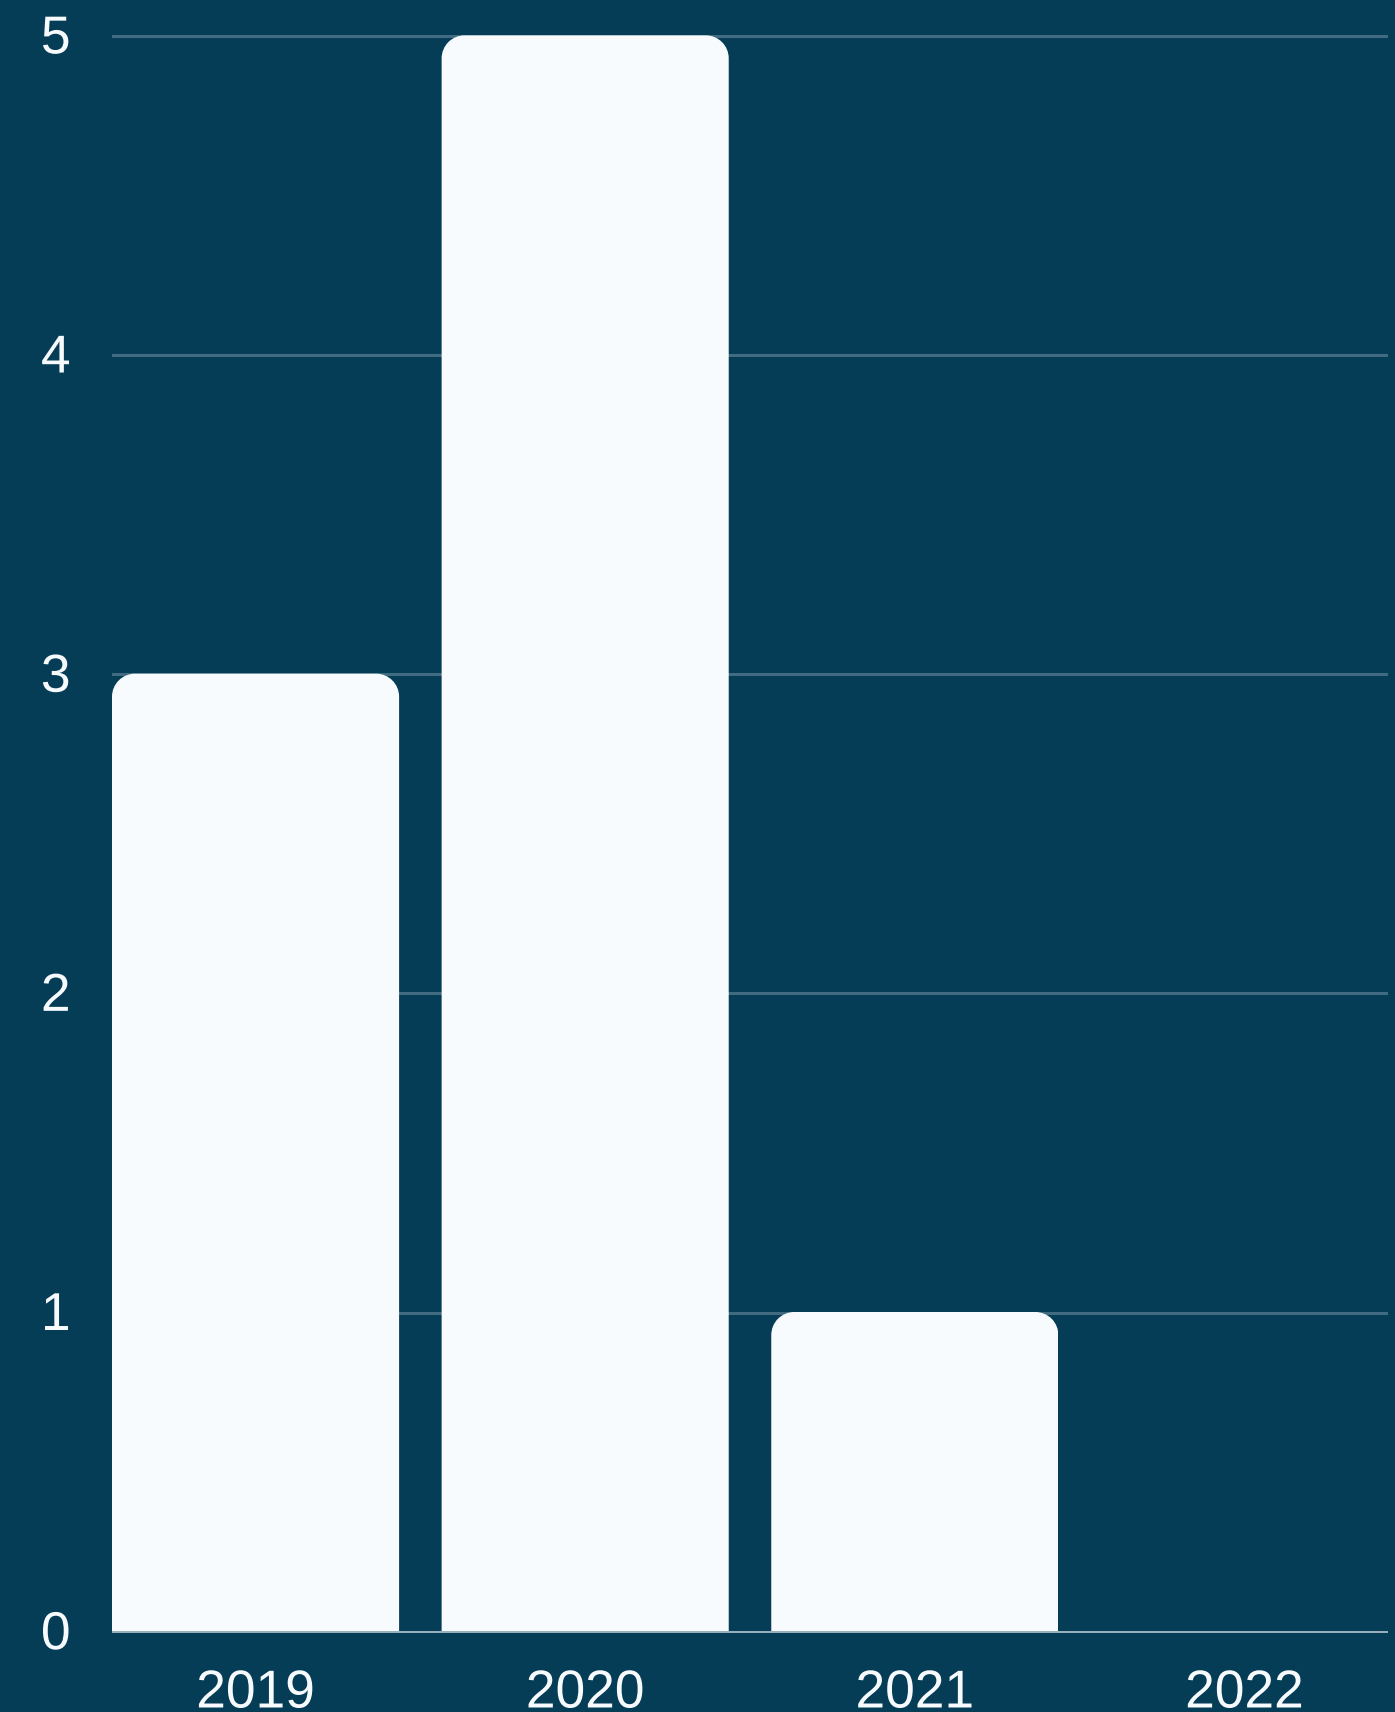

# MT Suppressed

---

**None since 2021\***

Though SE Asian MT is contained, the threat has not been eradicated.

*\*Reference: IFC Singapore 2022 Annual Report published in February 2023.*

# MV Pacific Zircon

---

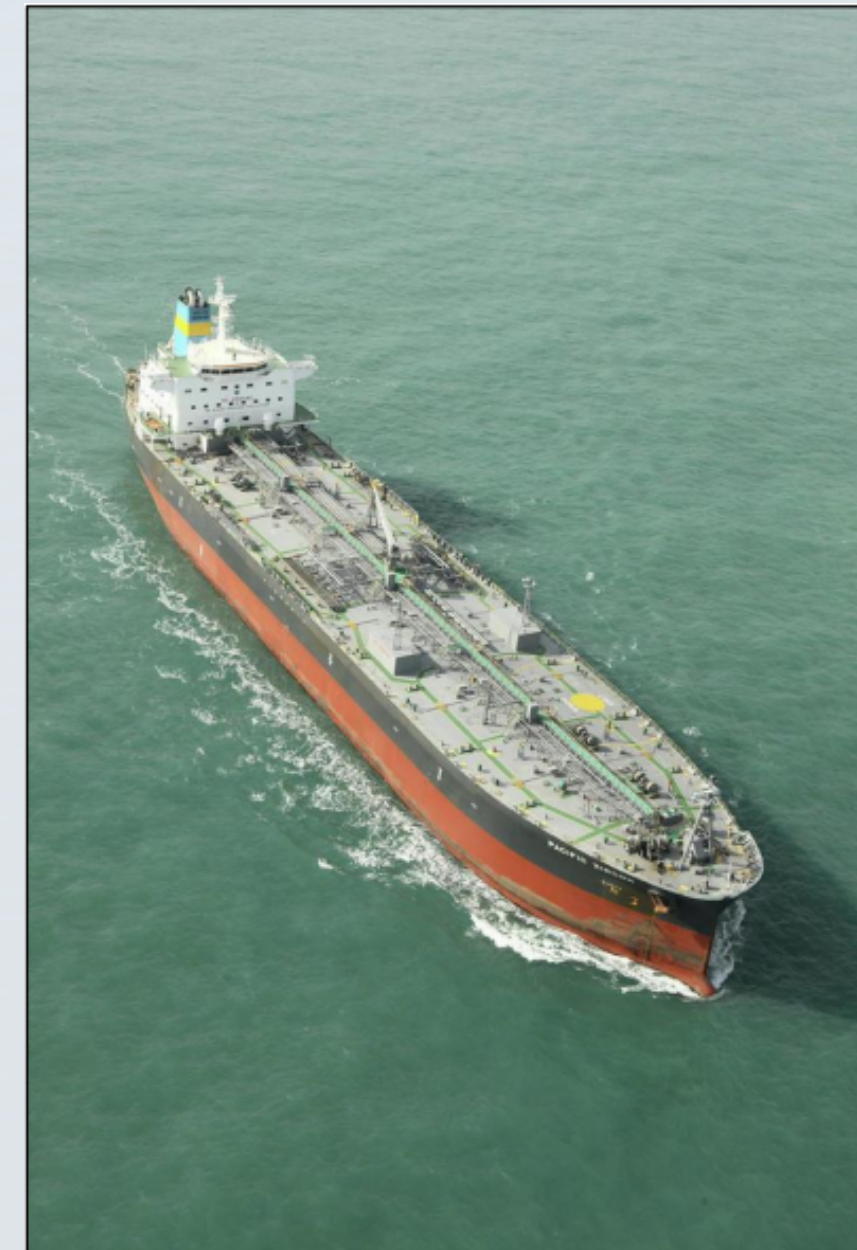

## Case Study

### MARITIME COMPLEXITY

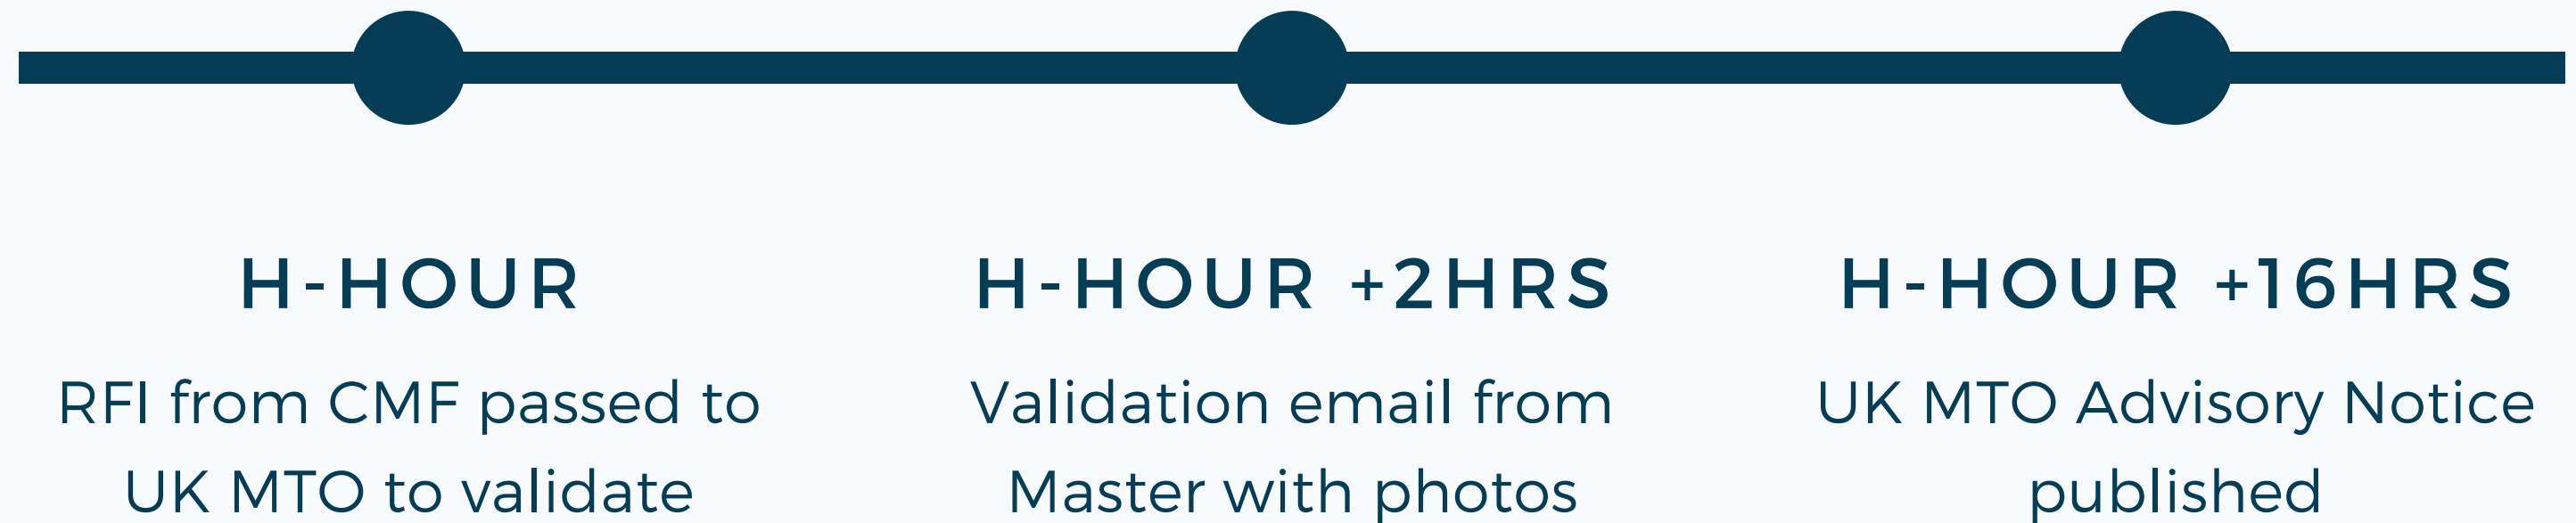

Why did the attack occur?

### HUMAN CENTRED LEADERSHIP

How is information flow impacted by the reporting structure?

# MT Timeline in Reality

# CASE STUDY LESSONS

- **Emerging UAS Threat**

Effective countermeasures lacking as it's perceived as an unreal threat

- **Practice Integration**

Underscores the need for deeper military and industry engagement

- **International Coop**

Develop new common approaches and best practice

- **Stakeholder Mapping**

To aid with information flow in a complex communications web

“

**Final Thought**

**WE OURSELVES FEEL THAT WHAT WE ARE  
DOING IS JUST A DROP IN THE OCEAN.**

**BUT THE OCEAN WOULD BE LESS BECAUSE OF  
THAT MISSING DROP.**

**MOTHER THERESA**
